

# Photography I Honors Project

by Riley Mulligan

*"A great photograph is one that fully expresses what one feels, in the deepest sense, about what is being photographed" -Ansel Adams*

This project is based on the final assignment in Photography I Honors which required researching a famous photographer and producing a project of my own creation based on inspiration from that photographer. I took inspiration from Ansel Adams and his amazing use of light. My images use light to create drama and to convey loneliness through objects and places.
